

North America Construction

## Master Builders Risk

**Flexible coverage, superior service. AXA XL's North America construction offers a suite of coverages for ENR 400 General Contractors, Owners and Developers looking for an alternative to project-specific Builders Risk Insurance.**

### Program benefits

A well-crafted Master Builders Risk program offers significant advantages over other types of project coverage.

#### Attractive alternative to Owners Builders Risk

- Flexible program structure
- Long term cost savings
- Enhanced terms and conditions

#### Contract certainty

- Scheduled rates & deductibles
- Increased capacity for high hazard catastrophe zones

#### Additional coverage options

- Deductible buy-down
- DIC/DIL otherwise known as Contractor's Wrap

#### Superior service

- Flexible reporting
- Prompt turnaround time on quotes & certificate issuance

### Project types

Coverage is available for variety of risk exposures including those associated with:

- Buildings
- Water treatment plants
- Stadiums
- Power plants
- Chemical plants
- Manufacturing plants

### Capacity

Program capacity of up to USD 200M on a maximum foreseeable loss (MFL) basis.

### Participation

100% or Quota Share Lead

### Is it right for your client?

If you think you might benefit from a MBR program, here are some important factors to consider when partnering with an insurance provider:

- Does the carrier have the extensive expertise and agility to handle a master program?
- Is the carrier a committed long term player within the construction industry?
- Does the carrier provide valuable loss prevention services and resources to help you thrive?

### Next steps

For additional information or if you believe you are fit for an MBR program, please send the following information:

- List of projects (Current/future)
- Geographic location of projects
- Average size and length of project
- Plans (within next 5 years) to enter a new segment. For example, wind farms, oil/gas, tunneling.
