

# Structured Risk Solutions

**Structured Risk Solutions provides non-traditional insurance and reinsurance solutions for corporate clients and captives. Our team is based in London, New York, Zurich, Cologne and Toronto, with local underwriting support in Hong Kong, Singapore and Australia, providing clients globally with value added solutions across all lines of business.**

## **Structured (re)insurance**

- We offer multi-year, multi-line reinsurance and retrocession (traditional and non-traditional) through their captive vehicles.
- We also offer structured insurance to corporate clients.
- Benefits of structured (re)insurance include assisting clients to manage risk volatility over a multi-year period and, in some cases, to realize significant capital benefits.
- Risks covered include traditional Property, Casualty, Financial Lines and Specialty risks.

## **Performance insurance**

- Pure risk transfer solutions that offer insurance coverage to clients for performance risks for technology and renewable energy products.
- Benefits include enabling clients to achieve business expansion, capital optimization, entering into new commercial transactions with their clients.

## **Target markets**

Our clients operate in many different markets and industry segments, including manufacturing, construction, the new and renewable energy sector plus many other areas of business activity. Our solutions can be offered to clients in almost any market or industry and we specialize in tailoring solutions and working in partnership with our clients to meet their needs and to help them achieve their long term strategic objectives.
