

XL Risk Consulting

Specialty Risk Consulting

Fine Art & Specie

Expertise you can trust

Our team consists of seasoned professionals with extensive experience in the Fine Art and Specie industry. We are highly experienced risk consultants with a strong background in loss prevention and a deep understanding of insurance products.

Our expertise includes art handling, storage solutions, exhibition management, and security protection. This knowledge, combined with outstanding analytical capabilities and innovative thinking, enables us to develop effective risk management strategies tailored to our clients' needs.

Global reach

With an international footprint, we are well-positioned to assist clients in diverse regions, including Europe, Asia, and North America.

We are a global team and can communicate in English, French, German and Cantonese or Mandarin. Our strategy combines local knowledge with a global outlook, allowing us to deliver customized guidance that considers the specific nuances of Fine Art and Specie risks.

Each member of our team brings a unique background and expertise, enabling us to ask the pertinent questions and understand the complexities of risk. This empowers us to provide informed consultative assessments tailored to your needs.

GRASP

AXA XL's Global Risk Assessment Platform (GRASP) is a web-based underwriting tool, launched in 2006. Developed by expert underwriters and risk engineers, it's designed to manage an objective risk assessment system for surveying major Fine Art facilities (principally evaluating Fine Art Warehouses & Museums).

Benefiting AXA XL and end-clients alike, in improving the risk profile of these locations, over 750 reports have been generated so far, following as many physical risk survey visits by a dedicated network of highly-trained risk engineers. The GRASP Survey Report leads the way within the global Fine Art Insurance Market, with GRASP Certification offered to top-scoring facilities.
