

UK/Crisis Management & Special Risks

War, Terrorism and Political Violence

Political violence perils are dynamic in nature, the causes are sometimes unclear but the impact is significant. The risk is evolving, with a diverse range of groups, both foreign and home-grown, capable of launching terrorist attacks.

Furthermore, you don't have to be a target to be impacted. The nature of such perils means they are board-level issues, and must be on any corporate risk register. Our experienced War, Terrorism & Political Violence (WTPV) underwriters are experts in managing such risks and can advise on a variety of insurance protection.
