Mining Crisis Cover (MCC)

Security Risks insurance package for the mining sector

Mining Crisis Cover is an industry specific solution that tackles challenges that can arise from issues related to people, disaster, business and criminal activity.

This is a new, complementing, addition to our Security Risks insurance offering and is designed to provide continuity and stability during uncertain times. Mining Crisis Cover has been produced specifically for the mining sector but applies broadly across different stakeholders including mine owners or operators and many more.

Crisis Management Consultant response, delivered by S-RM, includes:

- Response and guidance on License Cancellation or permit revocation by a host government or authority, including an assessment on the legality of such cancellation and a mitigation on the impact to mining business continuity
- Rapid response to Mine Disasters or Mine Trespass issues which require delicate but experienced and effective handling to mitigate the effects posed to the Insured, including reputational and publicity risks
- Insurance coverage for Security Risks (kidnap, ransom, extortion, detention) related crises and evacuation requirements
- Adverse publicity management and support

Mining specific covered events:

MCC:

Mine disaster (such as tailings dam collapse/failure, landslide, leach pad slip, underground flooding and more)

Mine trespass (illegal operations on premise including artisanal or independent miners)

Denial of access

Natural disaster evacuation
