

UK & Lloyd's International Construction

Construction

From breaking ground to practical completion, construction projects face a wide variety of risks at every stage. Having extensive knowledge across a variety of industries our underwriters are experts in crafting Contractors' All Risks/Erection All Risks (CAR/EAR) solutions.

Capacity

- Up to USD 200 million on a maximum foreseeable loss basis

Coverage

We offer a broad range of coverage across multiple distribution channels including; Lloyd's/international business, Delegated Authority Arrangements, Global Programs, project and annual business on broker, client and proprietary wordings.

In addition to CAR/EAR, we also cover:

- Advanced Loss of Profits/Delay in Start Up (ALOP/DSU)
- Third party liability for onsite activities (except for USA, Canada, Australia and New Zealand)
- Annual turnover policies for key clients with construction/erection exposures
- Inherent Defects Insurance

Our underwriters take a technical approach while being solution orientated. We have the capability to lead most major projects worldwide other than US/EU sanctioned territories.

Target industries

- Buildings/civil engineering
- Power generation and distribution
- Chemical/pharmaceuticals
- Engineering and manufacturing
- Open cut mining
- Onshore renewable energies

Typical information we need from you

- Policy terms/coverages/limits of cover needed
- Project description/method statement
- Project time schedules/cost breakdown
- Site/engineering plans/layout drawings
- Geotechnical evaluation report/flood history
- Fire protection/site protection/security
- Access to site/neighbourhood
- Appropriate underwriting information to clarify risk exposures
